\*\* During Covid-19, we experienced a surge on transport costs. As of January 2021, we doubled our adoption fees to help us cover transport expenses when rescuing international dogs. The airline industry is struggling and compensating costs by charging us triple the cost to fly a rescue dog. Regardless of size or weight.

As of January 2022, transporting a dog by plane from Egypt is approx. 1350.00

Transporting a dog by plane from China in cargo is approx 5000.00 More expensive than a human being traveling in business class!

We hope, once the global pandemic is over and the airline industry goes back to a new normal, our adoptions fees can go back to what it was.

## Adoption Application

All our pets have their basic DHPP and RABIES vaccination done. They are examined by a vet, dewormed, neutered/spayed, microchipped and temperament evaluated prior to being adopted. Our pets are heartworm tested prior to adoption (Depending on the season and location where the dogs are rescued from). All medical documents are provided to the successful applicant prior to the adoption. We do our best to ensure they are healthy.

Unforeseen illnesses can happen, and because of this, the dog's health cannot be guaranteed.

With international dogs, we do the same medical procedures as the above but with added screening and treatments. Our international dogs are tested for Corona Virus, Leishmaniasis testing and 6 bone vector disease testing. In addition, we run a complete CBC blood profile, antibody titer testing and full parasitology testing with local and foreign parasite screening.

**Snookie's Society can only inform the applicant on the current health and temperament of this dog.** No one can predict what medical or temperament problems a dog may have in its lifetime.

We are a registered, non profit organization run solely by volunteers. We are strictly (at the exception of animals suffering from terminal illnesses) a NO KILL Rescue group. Your adoption fee is helping us cover some of the basic vetting costs, medication, emergencies, local and long distance transportation...To continue helping dogs in the Rescue who need extensive medical treatment, emergency and behavioral training.

*Are you agreeable in giving an adoption fee to adopt your rescue dog?*

Are you aware that some of our rescue dogs have been abused and/or neglected?	
What would you do or feel if the Rescue dog bit you?	
How much money do you expect it will cost you on a monthly basis to care for your dog?	
How much money do expect and able to spend on your dog should an emergency situation happen to him/her?	
Are you agreeable to returning the dog should, due to unforeseen circumstances, you would no longer be able to keep the dog?	
Do you realize that dogs can live to be 15 years of age or older, and are you committed to providing responsible care for that long?

## Adoption Application

<p>If you are selected to adopt a Snookie's Society dog, we require that you participate in the following: Mandatory training session(s), an up to date guide on general dog care, training videos to watch on dog communication, and training on safety/equipment protocols. We also follow up with training session(s) with certified trainers and dog behaviorists to help you prepare for your new dog. Will you be able to participate in the training that Snookie's Society pays for?</p> <p>In addition, applicants who successfully adopt a dog from us are offered an optional support program called the Rescue Plan. A 4 part training process helping you with your new dog to transition into your home. This is organized by a local training center and guided by certified dog behaviorists. "During Covid 19, we are doing our live webinar(s) training through Zoom and pre recorded webinars are available</p>	<p>Yes or No?</p> <p>Please explain your thoughts on this:</p>
<p>Is there anything else that you want to tell us about your family and its suitability to adopt a rescued dog?</p>	
<p>How did you find out about us?</p>	
<p>Your comments / suggestions:</p>	

### Part 6 References

Please list **three** personal references that can attest to your suitability as a pet owner, and more specifically, the owner of a rescue dog. These references cannot be someone living in your home. We would prefer at least two of the references be of someone that is unrelated to you. The first reference must be a veterinarian that is familiar with you and your pets:

<p><b>Name of Veterinary Clinic</b></p>	
<p>Veterinarian:</p>	
<p>City</p>

## Adoption Application

I, the undersigned Applicant(s) hereby agree to release, indemnify, and covenant to hold harmless, Snookie's Society its members and officers, and its successors and assigns, from any claims, damages, injuries, costs, or actions incurred as a result of adopting any dog from Snookie's Society.

I, the undersigned, attest that, to the best of my knowledge the above information is accurate and complete and I understand that falsely provided information can mean that my application will be terminated. Sending this application constitutes an electronic signature and is legally liable.

X.

We GREATLY appreciate your taking the time to fill out this form, and your interest in our dogs.

Toronto and BC Adoptions: We do not do adoptions outside of Canada. Our main areas of adoptions are in Ontario and British Columbia.

The adoption application is the first step to our screening process. We will check references and do require for you to come meet the dog of interest (Covid 19 safety guidelines applied). We do encourage families with existing dogs to bring them as well for a meet and greet. It is important for all family members (2 legged and 4 legged) to be part of the adoption process.

Once the visit has been made, we will then select the best suited candidate for the dog of interest. If you are not chosen, it does not mean you are not a good family. It simply means there may be another small dog better suited for you. We would encourage you to try again and will do our best to match you appropriately.

We then pursue the rest of the screening with the selected candidate which includes the home check (dog proofing your home). Covid safety guidelines are followed.

Once the home check has been approved, we send you an epackage that includes the following; Medical records, general information on small breed dog care, and adoption contract (for you to review before the adoption takes place).

We then schedule a time for the adoption contract to be signed and the adoption fee is paid to the rescue organization.

\*\*There is a mandatory training process with Snookie's Society. We cover many areas from general dog care to preventing runaways and fostering the bond between the dog and new owner.

Although we do our best, we reserve the right to change our procedures based on the availability of our volunteers.

Thank you for opening your heart to a rescue dog. We will get back to you regarding your request shortly!
